

# Améliorer la circulation des piétons et des cyclistes

## Retour sur 5 évolutions réglementaires

**Thomas Jouannot**  
**CEREMA**

# Cédez-le-passage cycliste au feu

# A quoi servent les feux de circulation ?

# POLICE NOTICE.

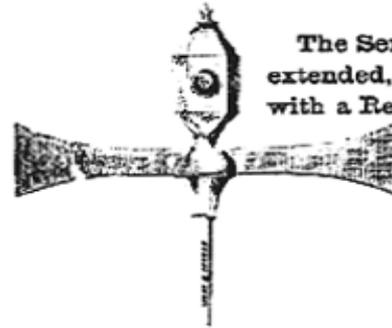

## STREET CROSSING SIGNALS. BRIDGE STREET, NEW PALACE YARD.

**CAUTION.**

The Semaphore Arms lowered, and by Night with a Green Light.

**STOP.**

The Semaphore Arms extended, and by Night with a Red Light.

By the Signal "CAUTION," all persons in charge of Vehicles and Horses are warned to pass over the Crossing with care, and due regard to the safety of Foot Passengers.

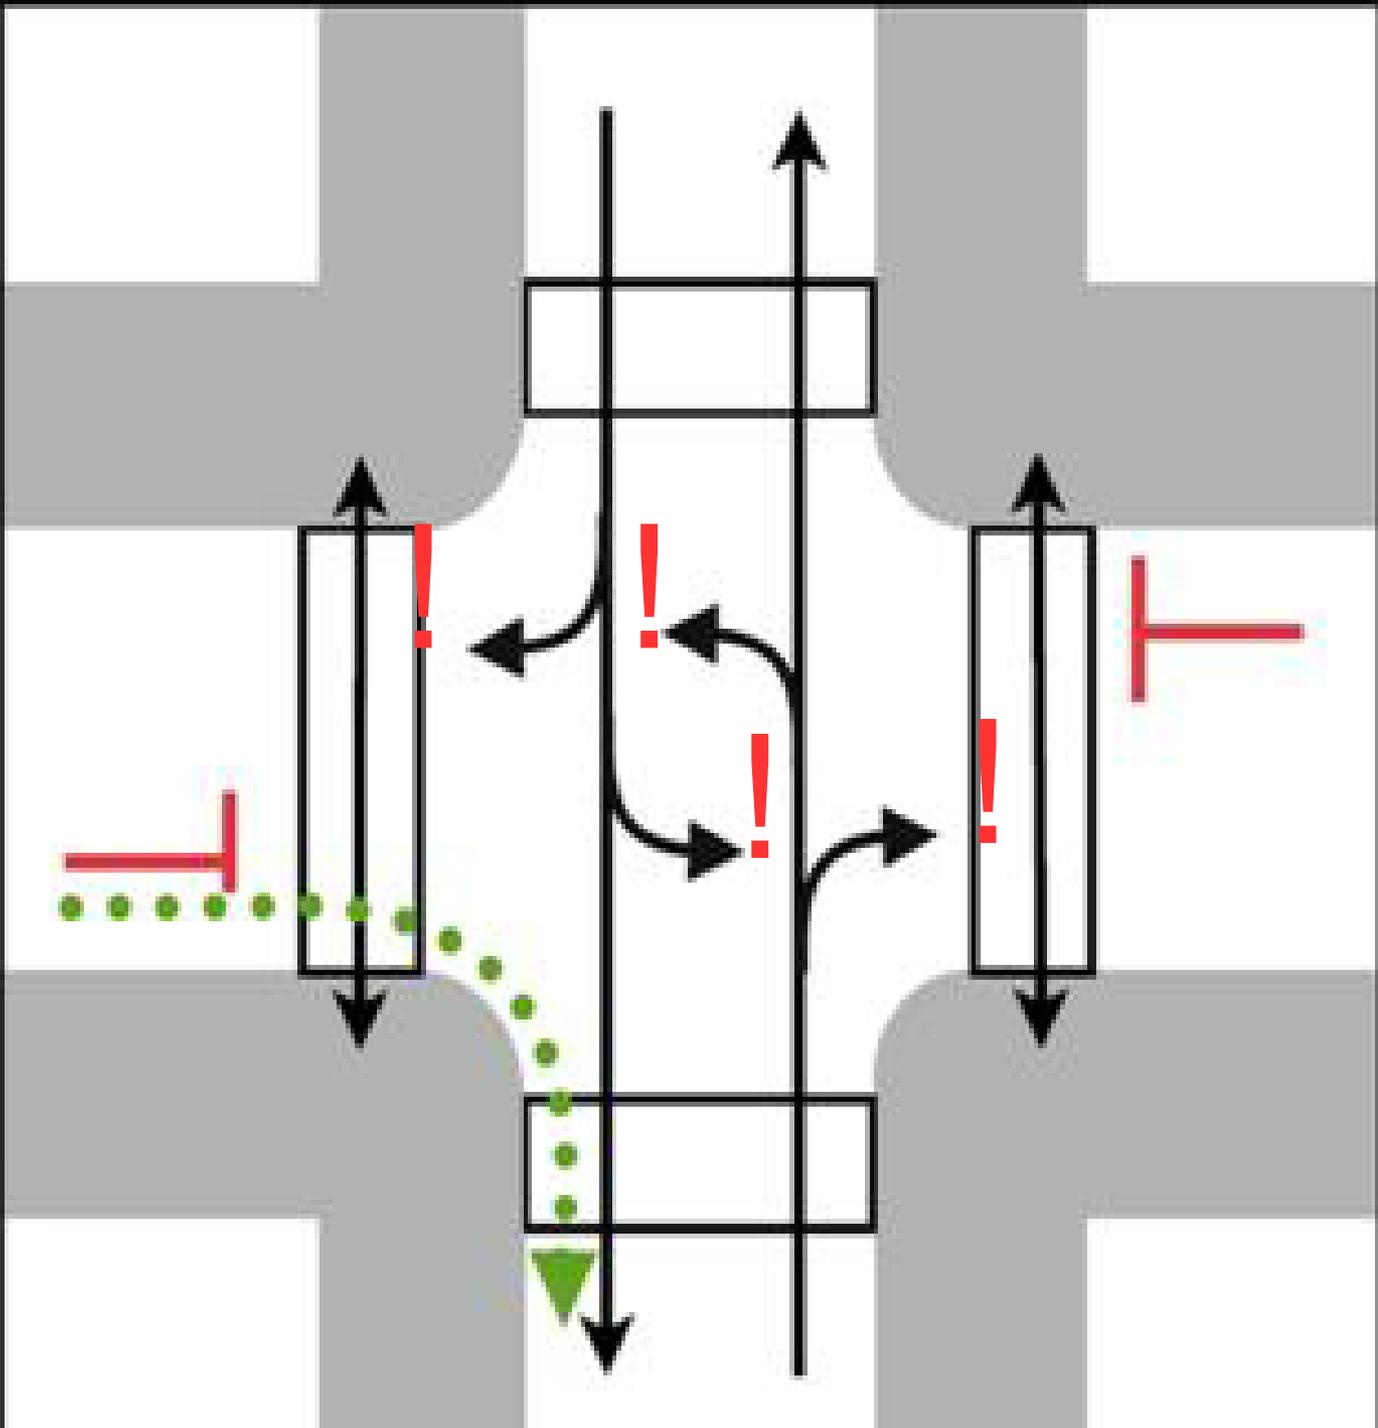

The Signal "STOP," will only be displayed when it is necessary that Vehicles and Horses shall be actually stopped on each side of the Crossing, to allow the passage of Persons on Foot; notice being thus given to all persons in charge of Vehicles and Horses to stop clear of the Crossing.

**RICHARD MAYNE,**

# Les feux de circulation sont un outil de gestion du trafic

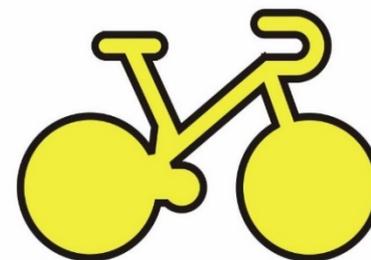

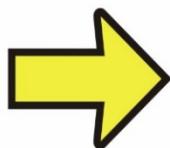

« *Conflit*: croisement  
de deux mouvements  
de véhicules ou de  
piétons »

- 2012 : tourne-à-droite et tout droit en carrefour en T

• 2015 : nouveaux mouvements
